

Boise School District Suggested Literature Lists

LITERATURE REFERRAL FORM

Communication about literary materials being used in the District is essential. This interchange serves various purposes. Among the most important are the provision of information about novels, which can be effectively used with students, and the coordination of instruction so overlap is, whenever possible, avoided. This form is intended to assist teachers in making recommendations for the Boise Schools' Literature Lists, which are updated and published annually for the District's Language Arts teachers.
