<h1 style="margin: 0;">BORAH HIGH SCHOOL</h1> <h2 style="margin: 0;">School Performance Report 2010-11</h2>

OUR MISSION

"We educate students to be lifelong learners and contributing citizens"

KEEPING YOU INFORMED

This school performance report is a summary of how your child's school and its students are performing on tests required by the state. No single report, however, can tell the whole story of a school's educational program or the people who work and learn there. We encourage you to find out firsthand by visiting your child's school and taking an active role in your child's learning. Studies show that when parents are involved, students do better in school.

"Educating Today for a Better Tomorrow"

OUR SCHOOL COMMUNITY

Many factors, such as how often a child attends school, moving frequently, and English language experience, influence school achievement. Measuring these characteristics helps us understand our students' needs.

IDAHO STANDARDS ACHIEVEMENT TEST

The Idaho Standards Achievement Test is an assessment of student knowledge in three areas; reading, math, and language usage. Each of the three subtests consists of 42 standards-based items, administered via the computer. Aggregate student performance is displayed in terms of percentages of students meeting standards for the grade level at the school, district, and state level. Performance improvement goals are set by the state of Idaho in accordance with the federal law known as No Child Left Behind.

END OF COURSE ASSESSMENTS

The Boise District has developed End of Course assessments in order to measure progress in teaching the district's written curriculum. These exams combine performance assessments (such as writing about a period in history or the results of an experiment) and multiple choice final exams. Achievement status and progress are measured through analysis of the percentage of students achieving particular grades on the assessments. District goals are: 85% A, B, and C grades in "regular" class EOC's, and 90% A and B grades in accelerated classes.

ACT/SAT SCORES

The American College Test (ACT) and the Scholastic Aptitude Test (SAT) are the two college entrance exams taken by students in the Boise School District and across the nation. The SAT is more popular around the country (46% of high school seniors took the SAT in 2008-09 compared with 45% for the ACT around the country) than is the ACT. However, the ACT is taken by a higher percentage of students in the state of Idaho (58% in 2008-09) than is the SAT (18%). Considerable numbers of students take both the SAT and the ACT.

In the Boise District, 31% of students took the SAT in 2008-09, while 53% took the ACT. Many students took both exams. The ACT is scored on a scale from 1 to 36. The SAT scale ranges from 200-800 for each of the math and verbal batteries.

ADVANCED PLACEMENT (AP) PARTICIPATION AND SCORES

The Boise District's Advanced Placement program features challenging coursework tied to the district's curriculum and to AP standards. Students who opt to participate in the AP assessment program sit for exams in May of the school year. Participation in exams and performance on those exams is portrayed in the graphs that follow.
